**JACK KEMP, HOST OF *BUSINESS FIRST*, WELCOMES DAVID VAUGHN,
CEO OF NOVATEL INC., TO DISCUSS GPS SYSTEMS**

DELRAY BEACH, FL – December 21, 2001 – Jack Kemp, host of *Business First*, welcomes president/CEO, David Vaughn of NovAtel Inc. (NASDAQ: NGPS) to discuss the primary markets and applications of geographical positioning and NovAtel's position as a recognized leader in GPS-based OEM precision positioning products. "The ability to know and control the location of a mobile asset, to filter incoming information content based on where you are, and to provide a universal, accurate, world-wide time standard, is having a revolutionary impact on our daily lives," says Vaughn.

David E. Vaughn has served as President and CEO of NovAtel, Inc. since February of 2001. From January 1999 to December 2000, Vaughn was Senior Vice President and COO with Magellan Corp. NovAtel's mission is to position GPS as the next utility that is changing the way the world views information. GPS positioning information is becoming a core utility in our society and is about to obtain the same status in our lives as electricity and telecommunications.

NovAtel Inc. is the principle supplier of reference receivers to WAAS ground networks around the world, and designs, markets and supports a broad range of products that determine precise geographic locations using the Global Positioning System (GPS). NovAtel's GPS products are used principally for applications in high-end markets such as the surveying, geographic information systems, aviation, marine, mining and machine control, agriculture and precise timing markets. For further information please visit their website at www.novatel.com.
